

EagleEyes for Mobile Surveillance

Video Demo Facebook

Official Website : www.eagleeyescctv.com : www.eagleeyescctv.com/video : www.eagleeyescctv.com/facebook

AVC796B

8CH H.264 DVR

USB Mouse Control with GUI Display

FEATURES

Mobile Surveillance with EagleEyes

Compatible with many popular mobile platforms, such as iPhone, BlackBerry, Windows Mobile, Symbian & Android.

Remote Surveillance with Browsers and CMS

- For web browsers, compatible with Internet Explorer, Mozilla Firefox, Google Chrome, Safari & Opera.
- For CMS software, available with our self-developed and free software, "Video Viewer.
- Applicable also to Apple's media player, QuickTime.

High Performance Design

Definable "Resolution" / "Quality" / "IPS" by channels at your preferences to increase the recording efficiency (even D1 recording), and avoid any important scenes to be missed.

Video Output

- Supports video output for both composite & VGA simultaneously.
- Support VGA resolution output up to 1600 x 1200.

Intelligent Motion Recording

- Only the channel with an event will be recorded to effectively save a significant amount of hard disk space and have the maximized recording time.
- Supports pre-alarm recording.

Remote Independent Operation

Channel switching is independent from the local site, allowing users to have private image monitoring remotely.

Multiplex

Allows live display, record, playback, backup and network operation at the same time.

Backup Function

Supports DVD writer (optional), USB flash drive and network backup.

Audio / Video Support

❖ 4 audio-in, 2 audio-out to record sounds.

REAR PANEL
