

Category:Indoor amplifier

Name: 3 way CATV signal amplifier

Model SB-8830EH3

Package: color box

Packing: 60pcs/carton

- Designed with imported high frequency components to provide high performance.
- Designed with push-pull amplification, low noise and low distortion.
- Double-sided board and automatic assembling design, more precise circuit and higher density of integration provides better performance.
- Aluminum shell provides fine shielding properties and strong capacity of resisting disturbance.

- Providing manual gain and slope control to adjust suitable signal.

ITEM	PARAMETER
Frequency range(MHz)	45~860
Nominal gain(dB)	30±2
Flatness in band(dB)	±0.75
Max output level(dBμV)	109
Nominal input level (dBμV)	72
Gain adjustment range(dB)	0~10
Slop preset(dB)	3~18
Noise factor(dB)	≤5
Return loss(dB)	≥10
power supply	220V~ 50-60Hz
power consumption(W)	2
Number of outputs	3
Measurements:	135*78*38mm
